

Event Description

International conference and travelling workshop: STRENGTHENING LOCAL AND SUB-REGIONAL ECONOMIES

Short description

There were three main **aims** of the event (travelling workshop and conference):

1. To clarify key issues on the theme local and sub-regional economies and initiatives.
2. To identify successful case-study examples of how rural economies can be strengthened and diversified.
3. To find out which are the most significant drivers of success, which are the main motives of stakeholders to join the common initiatives, and how citizens can participate in shaping policy and taking action related to local initiatives(local economies).
