*wish to notify you of the 4th European Rural Parliament to be held in Candás in the beautiful Province of Asturias in Spain November 6-9, 2019, and to ask you to indicate your interest in joining this special gathering.*

\*\*\*\*\*

The gathering will be attended by delegations from approximately 40 countries, European rural networks and European and national policy makers. The emphasis is on rural people and communities and what we can do, individually and together, to enable a vibrant rural Europe.

The European Rural Parliament aims to:

- **Strengthen the voice of the rural communities of Europe**, and to ensure that the interests and well-being of these communities are strongly reflected in national and European policies
- **Promote self-help, common understanding, solidarity, exchange of good practice and cooperation** among rural communities throughout Europe.

The 4th ERP 2019 is the climax of activities from our National and European partners as well as from work on key themes identified in ERP2017. We will share our experiences, debate our recommendations, re-confirm the European Rural Manifesto and agree a Declaration. There will be field visits to the surrounding area to inspire the discussions and a colourful social programme.

**The event is free of charge, but all participants will have to pay their own travel to Candás and accommodation.** Please note that as attendance is strictly limited, all delegates will be expected to stay for the whole event – November 6-9 inclusive.

All information on the gathering, the programme, the venue, accommodation and travel can be found on the website. This will be updated periodically as the programme develops on the website:
