

**Event Description:**

**Short description: The aim of the event was** to gather young people from Europe rural areas and discuss the challenges of the 21<sup>st</sup> century rural youth in an interactive way. The focus of ERYP was on both young people who are currently living in the rural area and those who have left rural areas for various reasons. How to create conditions that would allow young people to successfully develop business ideas, to ensure their personal fulfillment by still living in rural areas?

**The event is related to the ERP theme (if relevant)** Youth
