

ERP-Gathering Kielce

Number of the workshop: 25

Name of the workshop: **A boost to local economy, small scale economy, territorial solutions**

Our responses to challenges:

- Acces to food and services, centralisation of public services
- Working places in rural area dissapearing
- Weak infrastructure
- Access to decent housing
- Weak governance
- Exclusion of young and elder people

Our three proposals for governments & EU

- Implement diversity in governance for everyone to be represented (hear the voice)
- Massive capacity building on participatory methods
- Stop pulling services from rural areas toward bigger towns

Good ideas, practices, processes

Participants decided on priorities from the selected issues from the group's responses to SOCIAL CHALLENGES and decided to discuss only the LIFE QUALITY IN RURAL AREAS:

- Part of taxes divided for local areas and targeted beneficiaries
- Local authorities should respect bottom-up initiatives
- Using smart solutions for social services
- Common public services for mobility, health assistance, taking care for children etc,
- Playgrounds financed through LEADER/CLLD
